Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 25 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain easing later for most, becoming dry for most overnight.

This Evening and Tonight:
Rain in the south of the region easing into the night, later becoming dry, with some clear spells developing later. Rain and drizzle in northernmost areas lingers overnight. Winds easing. Minimum temperature 9 deg C (48 deg F).

Saturday:
A dry start, with patchy cloud allowing for sunny spells. Isolated showers developing in southernmost areas late in the morning, continuing through the afternoon. Dry elsewhere and feeling warm. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Generally settled from Sunday through to Tuesday, remaining largely dry throughout. Plenty of sunshine with light winds, feeling warmer than recently.
